

# Palm Springs Unified School District

## Current Attendance Boudary of James Workman Middle School

### Boundary Description:

The northern boundary for this attendance area runs in a line directly east from the intersection of Gene Autry Trail and Interstate 10 to Power Line Road. The boundary then proceeds southeast along Power Line Road to the intersection of Date Palm Drive and Verner Road. The boundary then follows a line extended east from the intersection of Date Palm Drive and Verner Road terminating at a line extended from Sierra Del Sol Road. The western boundary for this attendance area runs south along Gene Autry Trail from the intersection of Interstate 10 and Gene Autry Trail to the point where Gene Autry Trail would intersect Finley Road, then along a diagonal line extended from this point to where San Joaquin Drive would intersect Clubhouse View. The boundary line then travels south along San Joaquin Drive and a line extended from its termination to the intersection of Gene Autry Trail and Ramon Road. The southern boundary for this attendance area runs east along Ramon Road from the intersection of Gene Autry Trail to the intersection of Ramon Road and Interstate 10. The eastern boundary for this attendance area runs north from the intersection of a line extended from Rio Del Sol Road to Ramon Road (adjacent to the intersection of Ramon Road and Interstate 10) along Rio Del Sol Road and continuing northward terminating approximately one mile north of Vista Chino in the mountains.
